These include:

- Balancing online time
- Offensive or illegal content
- Sexting
- Unwanted contact
- Cyberbullying
- Online gaming
- Social networking
- Digital reputation
- Protecting personal information
- Trolling
- Photos, videos and social media

Community webinars and presentations

www.esafety.gov.au/communitypresentation

Customised webinars are now available for groups including:

- youth and social workers/counsellors/psychologists within youth focused organisations
- culturally and linguistically diverse communities (CALD)
- sporting groups – for administrators, coaches and athletes
- law enforcement

Each presentation is planned in consultation to ensure they meet your specific needs. Please [email](#) if you wish to discuss a presentation for your workplace or group.

Guide to popular social media sites

www.esafety.gov.au/quickguide

There is a description of how some of the popular platforms and apps work, followed by five frequently asked questions (FAQs). The FAQs are:

- Who can access this?
- How can I protect my information?
- How can I report cyberbullying or abuse?
- Are there ways to spend money?
- Where can I get more information?
